**PER-STUDENT GOVERNMENT FUNDING IN BC**

[trusu.ca/fundthefuture](http://trusu.ca/fundthefuture)

## OVERPERFORMING

TRU is a world class university that has grown significantly over the last decade. Our university is an economic hub for the region and a destination for students from around the world, contributing an estimated \$355 million to the regional economy each year.

## UNDERFUNDED

Despite TRU's success, it gets \$3,000 less in funding per student than the provincial average and important programs such as the TRU Law and the Masters of Nursing programs receive no government funding at all.

## UNSUSTAINABLE

In 2008, less than 40% of TRU's revenue came from students and their families. Today that number is almost 60% of TRU's revenue. Each year, students and families are paying more while government pays less. This trend cannot continue.

# IT'S TIME FOR A NEW FUNDING MODEL FOR THOMPSON RIVERS UNIVERSITY

## ABOUT

The Thompson Rivers University Students' Union represents over 10,000 students in Kamloops, BC. For more information about our work to address TRU underfunding contact [campaigns@trusu.ca](mailto:campaigns@trusu.ca) or visit [trusu.ca/fundthefuture](http://trusu.ca/fundthefuture)
