- Developed **3** resources for student representatives in TRU's governance.
- Hosted **6** Student Caucus Gatherings.
- Submitted **5** requests across university governance.
- Advised **21** committees on student representative support.
- Conducted **24** classroom presentations.

The University Affairs Committee is responsible for the institutional advocacy work of the Union. This includes overseeing the Student Caucus program, participating in consultations, appearances, and submissions through the Student Voices program, and directing university lobbying campaigns.

Over the last year, the University Affairs Committee continued to grow its Student Caucus program and encourage meaningful student participation in decision-making across TRU's governance system. Updates included several new student representative and committee support frameworks, feedback surveys, and online resources.

Additionally, the University Affairs Committee organized Student Caucus participation across a variety of Student Voices activities, including participating in consultations for the TRU Library, TRU's Strategic Change Goals, and TRU's Campus Master Plan. The University Affairs Committee also submitted several requests for improvements to student representation across university governance and within university processes.
